Public Works Report

Graffiti – Nothing to report

Water leak- During flushing last month we had to replace a blow off valve at the end of deforest that was leaking. We are also continuing to replace old pits as needed.

Wet wells- We are scheduled to do the pm check on the water park wet well this month, at the time of this report that has not been completed yet.

Water meter/MXU- After our first quarter readings we have found MXU's that need replacing and we will be working to complete as many as we can before our next reading.

Flushing- We have completed flushing at this time. We will be flushing blow offs from now on once a month in certain areas.

Ball fields- The bathrooms have been dewatered at this time. We are working on installing a new pictures mound and bases. The fields have been dragged and raked ready for striping.

Rail Way Trail- We have installed a couple of Osprey platforms along the trail since our last Council Meeting. We will be installing more rip-rap at the edge of the creek along the stamped concrete side walk next month. That work has been completed and now we will be focused on keeping the weeds cut back.

Water Park -This week we should be installing new palm trees at the park and dewatering the potable water system in the pump room and pool area.

TOWN OF CHESAPEAKE BEACH
Engineering Report

NEW BUSINESS

Fishing Creek Bridge (MD Route 261) – Monthly coordination meetings are being held. Coordination on utilities, land acquisition, needed easements, lane closures, access closures, and pile driving is of primary focus. The latest layout for lighting and signage is forthcoming rights of way acquisitions are still in negotiations. A new alignment to slightly shift the bridge has been proposed to avoid existing electric utilities and to accommodate existing businesses.

Kellams Field – We have received design parameters from American Irrigation to determine the connection needs (pressure & volumes) for the purple pipe. This work can be performed in conjunction with the WWTP upgrades. We hope to install most of the improvements this summer with available grant funding.

MD Route 261 Sidewalk – Design plans are underway to extend a pedestrian walkway from Beach Elementary School to Chesapeake Village and Bayfront Park. The site survey and environmental plans are complete. Preliminary discussions with the Critical Area Commission and the State Highway Administration have commenced to gain their support of the project and the alignment. A plan has been presented to SHA proposing a crossing from west side of 261 to east side of 261 at brownies beach. We are coordinating with the State “Safe Routes to School” committee on Monday April 14th, 2014 to review our proposal.

Trash Bids – New trash bids are out to contractors. Bids are due by the end of April.

Veterans Park – The Architectural design firm has met with the Mayor and staff. Design plans are now underway conceptual information has been provided from the architect on Monday the 10th further design information has been provided to include the NAM Knights for the end of April unveiling.

Water Park (Repairs / Maintenance) – Short and long term maintenance, repair and upgrade up front items are being developed for the end of the 2013 season we hope to have the final BEACON report presented in May.

WWTP – (ENR upgrades) – Construction continues with demolition and new construction. Numerous shop drawing submittals continue to be forwarded by the contractor and have been reviewed and approved by the Town and MDE. The new sludge building is well underway. The foundation, walls and roof are in and the overhead electric lines are being relocated. The new generator is in. The UV tank is constructed and installation of the UV system has begun. Start up and for the UV is complete and all is working fine. The first clarifier has been removed and the chlorine contact tank has been demolished.

OLD BUSINESS

'E' Street Pump Station Influent Sewer Pipe and Storm Drain Inlet/Pipe Repair – The Town DPW&T staff has located the belly by camera and will perform a test hole over the sewer pipe to determine the extent of the 'belly' in the pipe. Recommendation for repairs will follow the test holes investigation. (No new update)

Fishing Creek Dredge – the corps project is finalized.. No new update.

Fishing Creek Bridge (MD Rt. 261) – We are continuing to coordinate with the MSHA design team for the bridge replacement project. We were informed that the project is funded and scheduled to bid in 2014 with a 2016 construction completion anticipated. BGE is planning to run their lines underground from Mears to Gordon Stinnett. Our recent focus has been on Verizon and Comcast. The current plan has these lines being placed overhead on the west side of the bridge. We are working with Verizon (lead agency) to have these placed underground or at least set up to allow them to go underground at a later date. We recently received word that SHA has agreed to install a dry conduit system beneath the bridge to receive Verizon and Comcast lines once they decide to go underground. The conduits will go from Mears Avenue to Gordon Stinnett Avenue and will be installed by SHA for approximately \$20,000. An agreement is being prepared by SHA for review by the Town. Word has come that Verizon and Comcast are seriously trying to find a way to go underground now instead years later. It is a cost factor that they are weighing. We continue to assist SHA in their design efforts.

Purple Pipe – We are developing layouts for installation of the pipe to serve the Route 260 landscaping areas and Kellams Field. Operation of the system will commence with later stages of the ENR project.no new update

Skate Park – Final design plans are ongoing by the skateboard consultant. The consultant, Wally Holiday, is moving forward with final design and bid plans. Structural designs and stormwater management designs are currently underway and 80% construction plans have been delivered to the town for review. Construction review comments have been provided back to the consultant. The consultant plans to have final comments addressed and back to the Town. A construction cost estimate has been requested. A request has been made to file for permits.

Trail – Concept site plans for a Trail extension from the Trestle and thru the Richfield Station Rail bed have been developed and provided to the Critical Area Commission and the State Highway Administration (SHA). We are currently researching critical area woodland mitigation possibilities and property title issues (we spoke to the Title Abstractor Terry Erder on 1/9/13 and more research has been completed – an extensive report has been compiled from Terry which she believes gives title to the town). We are currently seeking guidance from title attorneys and the town attorney to gain title insurance. Preliminary Environmental studies are complete to move forward with the Trail extension plans and the Critical Area Commission has requested a meeting to help move us through the process. The meeting was held and they presented several mitigation programs. We also marked in the filed the trail alignment for a field review by the C.A.C. The C.A.C. approved the concept plan. A final title report has been delivered which outlines that the Town does have title to the trail bed through Richfield Station. There are a few

old development bank liens that need to be cleaned up and the attorney is moving forward getting this done. The attorney has presented closure documents for signature by the lien holders. a meeting with the RSHOA will be scheduled in the coming months

Water Park – Additional information has been provided to the Salisbury State University “BEACON” consultant. A meeting was held recently to review their latest results and a draft report of water park economic analysis was provided soon. We await the final report, which will be available this spring.

Staffing –

All interviews have been conducted and the choices for the candidates that will be invited to training have been finalized. Training classes and exams are being modified in each department to be consistent with any changes taking place in various departments. After the training and exams all final hiring decisions will be made.

Marketing –

Discounted Season Passes are currently being offered on line for Chesapeake Beach Residents. <http://chesapeakebeachwaterpark.com>

All inserts for the marketing brochures have been updated for the printer.

Many of the signs in the park are being updated to make the rules and procedures more clear for our guests. A few more signs are also being added for compliance and safety.

Planning –

Many special events will be taking place this season. Some of the events we are working on are The 20th Anniversary of the Water Park Luau on June 6. Your calendars are already marked, invites will be mailed soon! Also we will be planning the World's Largest Swim Lesson, five Friday Night Slides with different themes, Character Days, the Employee Appreciation Party, and much more.

Maintenance/Upgrades-

Currently working on the following maintenance items:

- Blue and White tile repair and grout repair in The River.
- The White Slide needed the fiberglass repaired at the top of the slide.
- All four Baby Slides just finished repairs.
- Much of the rope is being replaced.
- Lots of painting; the Pump Room, the Octagon and lots more.

Chesapeake Beach Wastewater Treatment Plant Report
Jon Castro, Superintendent
April 17, 2014

Plant Operation:

The ENR Upgrade Construction is progressing with the hope of warmer weather. The plant is continuing to operate the best it can under the circumstances until it gets in the new construction features.

Plant Superintendent, Jon Castro, met with the Town Council on March 31, 2014 for a work session on the 2015 Budget for the Wastewater Treatment Plant.

A progress meeting was held on 4-7-14 at the plant to go over any issues on the ENR construction and give updates on future construction schedules. Bearing Construction, Bilbrough Electric, W & R Engineers, plant staff, the Mayor of Chesapeake Beach Bruce Wahl and Town engineer Paul Woodburn were all in attendance.

On April 9, 2014 a phone conference was set up with Whitman, Requardt & Associates and Town Engineer Paul Woodburn, Jon Castro, and Jim Parent. This phone conference was set up to clear up work orders pending to help the construction of the ENR Upgrade move forward.

There were no incidents to report in the plant's Solids and Handling Operation or the Lab Sampling Operation with Duffield Hauling and Chesapeake Labs.

Plant operations for this monthly report did use the Shell Fish Tank on two occasions since the last report. On two occasions the Shell Fish Tank was used due to heavy flows caused by heavy rains. The last time it was put into operation was on March 31, 2014.

The plant had three emergency alarms for this report period but plant staff has been working longer hours and different shifts to make adjustments to the plant operations and operate the solids handling equipment.

The Wastewater Treatment Plant had no SSO to report for the March report.

Future Projects:

The ENR Project for the Chesapeake Beach Wastewater Treatment Plant has completed the permit process and design stage. The bid for the ENR construction was awarded to Bearing Construction and construction began on June 10, 2013.

The plant records will be put into the Shore Scan System with the help of Town Employee Fran Addicott to ensure a better system of storing plant data.

Fishing Creek Clean Up

Saturday, April 5 was a beautiful, but windy day. Over 30 volunteers worked to clean up the areas surrounding the Railway Trail. This year we had members from the Northern High School Lorax Club as well as the Northern High Honor Society. CBOCS members were on hand to help. They also conducted water monitoring tests.

South Side Walking Tour – Next Meeting April 29

The Chesapeake Beach History Committee met on February 25. The committee continues to develop ideas for the walking tour. Pannier Outdoor Sign Company, Gibsonia, PA has been contacted as per suggestion of Town Engineer Paul Woodburn. They have informed us that if we purchase 10 signs the price per sign is reduced by \$50 per sign. The committee is hoping to work with the Veterans' Park committee to purchase the signage for both projects at the same time for a significant savings. Three signs are planned for Veterans' Park, five for the walking span between Chesapeake Station and Bayfront Park and two at Bayfront Park. Southern Maryland Heritage Area mini-grant applications are due later this summer. The committee intends to apply.

Safe Routes to School Grant

Safe Routes to School is a federally funded grant program offered through the Maryland State Highway Administration. The Town of Chesapeake Beach has applied for \$300,000 in funding to construct a sidewalk between Beach Elementary and Chesapeake Village. The application was submitted to the Office of Planning and Preliminary Engineering of the State Highway Administration on March 24, 2014. We have been notified that the application was received before the deadline of March 31, 2014.

2014 Easter Festival

As of this writing we are looking forward to beautiful weather for the annual Easter Festival to be held tomorrow, April 12 from 12 until 1:30 PM. The rain date is April 19. There will be a giant slide, a moon bounce and the trackless train. Special guests attending include Superheroes of Southern MD, Quacks from the Chesapeake Beach Waterpark and Sneaks, the Maryland Library mascot. Merchant information and flyers are available at Town Hall or on the Town website at: http://www.chesapeake-beach.md.us/events_easter.htm. Bring the little ones for some fantastic photo opportunities.

Seeking Volunteers for 2014 Events

Special Events is looking for teenagers and adults to help with the 2014 seasonal events. They include the Stars and Stripes Festival on Memorial Day Weekend, six Moonlight Cruises throughout the summer (adult volunteers only), the Halloween Family Fun Night on October 19 and the Holiday Lighting Ceremony on November 30. Please contact Connie O'Dell if you can volunteer to help with any of these events.

Stars and Stripes Festival

Planning is now underway for the 2014 Stars and Stripes Festival. This year the Festival will focus on the Vietnam War. The Nam Knights will be dedicating the new Vietnam Memorial to be placed in Veterans' Park. The dedication ceremony will take place on Monday, May 26 during the American Legion Post 206 ceremony. We are expecting numerous politicians as well as 200 or more visitors on motorcycles coming into Town for the ceremony. Following is a tentative Schedule of events for the weekend:

Saturday, May 24, 2014

- Opening Ceremony, Veterans' Park, 10 am featuring the Annapolis Naval Academy Brass Quintet and keynote Speaker Professor Wayne Karlin from the College of Southern Maryland. Follow this link to read about his Vietnam ties: http://en.wikipedia.org/wiki/Wayne_Karlin
- Informal Chat and Vietnam Slide Show with Phil Pfanschmidt, CB Town Hall Chamber, 1:30 pm
- Armed Forces Radio Show, North Beach Fire Dept., 7 pm

Sunday, May 25, 2014

- Family Fun Day & Picnic, Kellam's Field, 12 pm
- Stage opens up with local bands at approximately 1:30 pm
- Headliner Entertainment with the Sam Grow Band sponsored by Bayside Toyota
- Complimentary Moonlight Cruise for active military and their immediate family members, 6 pm

Monday, May 26, 2014

- Memorial Day Ceremony, American Legion Post 206, 10 am
- Dedication of the 'Nam Knights Vietnam Memorial in Veterans' Park

Volunteers are needed for each event throughout the weekend. Please contact Co-Chair Stephanie Zanelotti at 301-752-0445 or by email sasz_cbssf@comcast.net; Co-Chair Bob Snider at 301-518-5254 or email bob.snider@hotmail.com to volunteer. Remember, every donated hour helps! Join us as we honor our fallen while thanking the families who serve.

Chesapeake Beach Town Council Meeting**

- **Marsh of Dreams!**
- **Build it and they will come!**
- **We built their nesting box and the ospreys came!**

-First photograph is by Bob Munro on a rainy Monday April 7, at 8:36 AM. It pays to walk the trail and observe the surroundings. He wins two tickets on a moonlight cruise.

-A grant application was completed for the smart board program titled “Treasures of a Tidal Marsh”, and it has been submitted to the Maryland Heritage Area Authority. Endorsements have been received from Senator Miller, Delegate Fisher, and County Commissioners and Beach Elementary School Principle, Mike Shisler. Volunteers are needed to complete this project. If interested, attend a meeting at town hall on May 10, at 9 AM.

-CBOCS field trips on The Chesapeake Beach Railway trail are being scheduled in late May and continuing throughout the summer. Each trip will include oyster education, viewing of oyster critters and friends, water monitoring, stream flow and TMDL measurement as well as general observations.

-The “Treasures of Fishing Creek” activity book is finished. It is expanded to 32 pages and at the printers. Copies will be distributed to all who attend the CBOCS field trips.

-CBOCS will be exhibiting at the Green Expo on May 3 from 10 AM to 4 PM at Annmaire Gardens. If interested in participating contact John Bacon at johnbacon1@comcast.net

-Many CBOCS members, Northern High and Middle School students participated in the spring clean-up of the Fishing Creek on April 5. Many thanks for their hard work.
